Dear {VETS PRACTICE NAME}

As a home boarder of dogs; under The Animal Welfare (Licensing of Activities Involving Animals) (England) Regulations 2018 I am required to operate as per the required licence conditions. One of the licence conditions states *A preventative healthcare plan agreed with the veterinarian with whom the licence holder has registered must be implemented - see paragraph 18.2 of the "Providing Home Boarding for Dogs Guidance Revised 30.11" official guidance document, which can be found here (document g);* <https://www.cfsg.org.uk/legislation-and-guidance/>

My business is registered with your practice to treat any animals in my care that may require veterinary treatment. Please could I ask you to read through my Preventative Healthcare Plan along with my cleaning regime and procedure for the prevention and control of disease, which are referred to in the Plan.

If you agree that I have provided a suitable preventative healthcare plan to maintain the welfare of the animals in my care please could you sign, stamp and return this letter to me via email or post, or alternatively I can collect the letter at a convenient time for yourself.

Kind regards

{YOUR NAME}

I _____ of {VETS PRACTICE NAME}
