

DRAFT PORTFOLIO HOLDER DECISION NOTICE

PROPOSED INDIVIDUAL DECISION BY THE PORTFOLIO HOLDER FOR HIGH QUALITY ENVIRONMENT

TOPIC - CONCESSIONARY TRAVEL TRANSFER TO COUNTY COUNCIL – CONSULTATION

PROCEDURAL INFORMATION

The Access to Information Procedure Rules – Part 4, Section 22 of the Council's Constitution provides for a decision to be made by an individual member of Cabinet.

In accordance with the Procedure Rules, the Corporate Director (Governance), the Chief Executive and the Head of Finance are consulted together with Chairman and Vice Chairman of the Principal Scrutiny Committee and all Members of the relevant Scrutiny Panel (individual Ward Members are consulted separately where appropriate). In addition, all Members are notified.

Five or more of these consulted Members can require that the matter be referred to Cabinet for determination.

If you wish to make representation on this proposed Decision please contact the relevant Portfolio Holder and the following Committee Administrator by 5.00pm on Thursday 12 August 2010.

Contact Officers:

Case Officer: Andy Hickman, Tel: 01962 848 105, Email: ahickman@winchester.gov.uk

Committee Administrator: Nancy Graham, Tel: 01962 848 235, Email: ngraham@winchester.gov.uk

SUMMARY

- 1.1 The Government has decided that responsibility for the English National Concessionary Travel Scheme for older people and people with disabilities should move from District Councils to County Councils from 1 April 2011. The details of the new scheme are due to be agreed by the County Council in October 2010 and as part of this decision making process, the County Council is undertaking a consultation on what the new scheme should consist of.

- 1.2 Since April 2008, those who have reached age 60 and eligible people with disabilities resident in England have been entitled to a free annual bus pass giving free travel on local buses between 0930 and 2300 during the week, and at any time at weekends. Many District Councils have provided different additional benefits in their own areas including companion passes, as well as allowing use of passes on community transport and buses at other times of day. As a result, benefits vary from district to district. The County Council's consultation is aimed at ascertaining which of the discretions are considered to be priorities in order that they can design a countywide scheme which provides equal benefit to residents across Hampshire.
- 1.3 Funding levels from the Government for the new scheme are not known yet and are unlikely to be available until the end of this year. The County Council is likely therefore to have to decide upon which scheme to introduce prior to knowing what level of funding is approved by Government. As such there is a risk that the County Council will have to pick up some or all of the costs of the new scheme and so will need to consider options which are affordable.
- 1.4 In Winchester District two discretions above the Statutory scheme are currently allowed under the scheme administered by the City Council:
- Disabled persons companion passes are issued.
 - Pass holders are permitted to use the concessions from 9am rather than 9.30am.
- 1.5 Loss of these discretions would be unfortunate and would have impacts on established travel habits and patterns. The 9am scheme start was introduced in response to the needs of users, particularly where bus services are infrequent and a bus before 9.30am may be the only option to reach a certain destination or appointment. A further discretionary element of the scheme, which the City Council currently allows, is for disabled persons to be issued with a concessionary travel pass for travelling companions. This increases the cost paid in reimbursement to bus companies but is considered very important in order to assist disabled persons to travel. Currently around 42 companion passes are issued in Winchester District. Loss of this aspect of the scheme would have serious impacts on those people who require a companion in order to be able to travel on buses, often to reach important services.
- 1.6 In terms of identifying priorities to the County Council as part of their consultation, it is considered that both current discretions offered in Winchester District are invaluable to users and should be retained but that the 9am start is the first priority for the reasons set out in the draft attached consultation response.

- 1.7 The County Council is also asking views on how the scheme should be administered once they become responsible for it. The City Council is well placed to continue to administer the scheme locally and it is suggested that this option is discussed with the County Council including appropriate payment for such a service.

PROPOSED DECISION

That the consultation form as attached to this Notice be submitted as the City Council's response to the County Council's consultation.

REASON FOR THE PROPOSED DECISION AND OTHER ALTERNATIVE OPTIONS CONSIDERED AND REJECTED

As the City Council currently administers the Concessionary Travel Scheme, it is appropriate that it responds to the County Council's consultation. It is considered that the two discretions outlined in the draft response should be retained in the new arrangements if possible, given the benefits for disabled people and the timetables of some services. The companion pass is considered to have the greatest benefit and should therefore be prioritised if resources so require.

RESOURCE IMPLICATIONS:

Not known at this stage.

Councillor Bell – Portfolio Holder for High Quality Environment

Concessionary Fares Consultation - July 2010

You may be aware the Government has decided that responsibility for the English National Concessionary Travel Scheme for older people and people with disabilities should move from District Councils to County Councils from the 1 April 2011. The details of the new scheme are due to be agreed by the County Council in October 2010 and as part of this decision making process we would like to consult you on what the new scheme should consist of.

Since April 2008 those who have reached age 60 and eligible people with disabilities resident in England have been entitled to a free annual bus pass giving free travel on local buses between 0930 and 2300 and at any time at weekends. Many District Councils have provided different additional benefits in their own areas including tokens, companion passes and railcards, as well as allowing use of passes on community transport, ferry journeys and buses at other times of day. As a result, benefits vary from district to district which cannot be continued in a new countywide scheme, as they would not provide equal benefit to residents across Hampshire.

Funding levels from the Government for the new scheme are not known yet and are unlikely to be available until the end of this year, after we have decided upon which scheme to introduce. Depending on what level of funding is approved by Government, there is a large risk that the County Council will have to pick up some or all of the costs of the new scheme and so we need to consult on options which have to be affordable.

The Consultation Options are:

1. To provide the statutory English National Concessionary Travel Scheme only - free local bus travel between 09:30 and 23:00 (all times weekends & bank holidays) to people of eligible retirement age and eligible people with disabilities over 5 years of age
2. If sufficient funding is available what priorities should we consider as additional discretionary enhancements should your travel requirements not be met with a bus pass allowing free travel between 0930 and 2300 and at any time at weekends?

Additionally we would like to find out information on a number of other points:

- What is the best way to issue passes?
- What are your current travel habits?
- What is your background?

I would be interested in your views about potential implications and priorities as soon as possible or **by the end of August 2010 at the latest.**

Concessionary Fares Consultation - July 2010

Concessionary Fares Consultation response form

Individual or organisation name and contact details

Name: Winchester City Council
Address: City Offices, Colebrook Street, Winchester, Hampshire..
Postcode: S023 9LJ
Contact phone number or email: ahickman@winchester.gov.uk Tel 01962 848105

Information recorded on this form may be used in computerised records. Under the terms of the Data Protection Act 1998 this information will be treated in a secure and confidential manner.

1. Comments on providing the statutory English National Concessionary Travel Scheme only

In Winchester District as current Travel Concession Authority, two discretions above the Statutory scheme are allowed:

1. Disabled persons companion passes are issued.
2. Pass holders are permitted to use the concessions from 9am rather than 9.30am.

Loss of these discretions would be unfortunate and would have impacts on established travel habits and patterns.

The 9am scheme start was introduced in response to the needs of users particularly where bus services are sparse and a bus before 9.30am may be the only option to reach a certain destination or appointment.

A further discretionary element of the scheme, which the City Council currently allows, is for disabled persons to be issued with a concessionary travel pass for travelling companions. This increases the cost paid in reimbursement to bus companies but is considered very important in order to assist disabled persons to travel. Currently around 42 companion passes are issued in Winchester District. Loss of this aspect of the scheme would have serious impacts on those people who require a companion in order to be able to travel on buses often to reach important services.

Concessionary Fares Consultation - July 2010

2. If sufficient funding is available what priorities should we consider as additional discretionary enhancements should your travel requirements not be met with a bus pass allowing free travel between 0930 and 2300 and at any time at weekends?"

Please put your preference in priority order below and outline the travel need it is trying to address (i.e I have no access to bus services, or I need to travel before 0900 etc)

Priority 1: Allowing free travel from 9am.

This discretion would allow users to access services and appointments particularly where bus services are infrequent and a bus before 9.30am may be the only option to reach a certain destination or appointment.

Note that buses from further points in the district may take up to an hour to reach their destination.

It would not result in additional journeys, and would still come within the 'off peak' period after the school and commuter rush.

Priority 2: Funding disabled person's companion passes.

Loss of this aspect of the scheme would have serious impacts on those people who require a companion in order to be able to travel on buses often to reach important services and although it is listed as priority 2 it is still seen as equally as important as the 9am start in all aspects except for the fact that it benefits less people.

Priority 3:

Concessionary Fares Consultation - July 2010

What is the best way to apply for and issue passes in future?

Administration of the scheme at a local level is important.

Winchester City Council is willing to continue to administer the scheme in the District on behalf of the County Council. This can be continued in the same manner as at present through the parking office.

A cost of this administration would have to be agreed.

Where do you go for the following services and how do you travel there?

	Where do you travel to for this service?	How do you get there? E.g. own car, lift from friends or family, train, bus, taxi, walk, cycle.	How often do you travel there?
Hospital			
Doctors			
Dentist			
Food shopping			
Social trips			
School/College			
Work			
Post Office			
Library			
Other:			

Concessionary Fares Consultation - July 2010

Are there any journeys that you would like to make but are currently unable to, owing to a lack of transport?

Destination you would like to travel to	Why do you want to travel to this destination? E.g. health, shopping, leisure	How often would you like to travel? E.g. daily, twice a week

Do you have any general comments on the provision of transport services in your area?

Concessionary Fares Consultation - July 2010

Monitoring form

Data Protection Act 1998

To monitor the effectiveness of this consultation and help us complete our Equalities Impact Assessment on the proposed changes we need to record certain personal details about the people who respond. It is for this reason ONLY that you are asked to provide the information below which will be treated in the strictest confidence and used only for statistical purposes. We asking for this information in order to ensure that as many people as possible have a say.

Information recorded on this form may be used in computerised records. Under the terms of the Data Protection Act 1998 this information will be treated in a secure and confidential manner.

The completion of this part of the form is purely voluntary and optional

Are you? Male Female

What is your age

How would you best describe your ethnic origin?

- | | | |
|--|---|----------------------------------|
| <input type="checkbox"/> White – British / Irish | <input type="checkbox"/> Mixed | <input type="checkbox"/> Black |
| <input type="checkbox"/> Asian | <input type="checkbox"/> White – Eastern European | <input type="checkbox"/> Chinese |
