### About Hampshire Home Choice

East Hampshire District Council, Eastleigh Borough Council, Havant Borough Council, Test Valley Borough Council and Winchester City Council, have agreed a common approach for the allocation of social housing across the five local authority areas and together operate a sub-regional choice based lettings scheme called Hampshire Home Choice.

Vacant properties in the sub-region owned and managed by Registered Providers and Winchester City Council will be advertised on the Hampshire Home Choice website. A newsletter will also be published weekly and is available from the participating Councils on request.

### How to Apply

The application enables you to apply for Registered Provider or Winchester City Council homes.

## Bidding

You can bid for up to **three properties each week**. You can bid for properties in the following ways:

- **On the website** [www.hampshirehomechoice.org.uk](http://www.hampshirehomechoice.org.uk)
- **By telephone**  
Contact one of the participating Councils

Properties are advertised each week on the Hampshire Home Choice website and in the newsletter which is available on request. New properties can be viewed on the website from Wednesday 0:01am and are advertised until 23:59pm on the following Sunday.

## Bidding on the Website

You can search for properties that meet your needs. You can also place a bid, withdraw a bid and find out if you are eligible and your current queue position. Please be aware that your queue position may change. You can only bid for properties where you meet the advert information details. For example, if the advert states ‘Suitable for a maximum of two children’ – regardless of your band priority – only those with a maximum of two children will be considered for that property.

The screenshot shows the Hampshire Home Choice website interface. At the top, there is a navigation bar with links for Home, Information, Topics, and Policy. A search bar is located on the right side of the navigation bar. Below the navigation bar, there is a yellow banner with an 'Important Announcement' regarding COVID-19. The main content area features a 'Welcome to Hampshire Home Choice' section with a description of the scheme and a 'Read more' button. To the left, there is a 'Advertising dates' section showing '5 days left to bid' for the current cycle (27 Jan to 31 Jan) and the next cycle (Starts 3 Feb, until 7 Feb). To the right, there is a 'Latest news' section with a headline 'G.P. SURGERY' and a 'Login' button with a 'Click here to log in' link.

## To bid on the website:

- Click on **Login/My Account** and enter your Housing Register reference number and your memorable date.
- Click on **Eligible Properties**. You will need to read the advert to check that you meet all of the criteria set out on the advert.
- Click on **apply for property**. Your current queue position will be displayed but this can change as other people bid. This will help you prioritise your three bids in each weekly cycle.
- If you are not eligible the reason will be displayed.
- You will be shown the property details and asked to confirm your bid. When you confirm your bid you will be told that your bid has been successfully placed.

## Property Adverts

The advert will tell you about the property to help you decide which properties are right for you. The advert also tells you if there are any special requirements that you must meet, such as age requirements or maximum number of children allowed or local connection to a specific area. Some properties in some rural locations require tenants to have a strong local connection as a result of planning conditions for the properties. This is referred to as a Section 106 requirement.

## Being made an offer of a home

Once the bidding cycle has closed at midnight on a Sunday all of the bids received will be put in priority order to produce a list (known as the shortlist) of eligible applicants for each property advertised. Priority within the shortlist is determined by:

- Band (Band 1 is the highest and Band 4 is the lowest)
- Priority date (The date the application was awarded that band)
- Registration date

The applicant with the highest priority and who **meets all of the advert and preference criteria** and who is therefore at the top of the shortlist will be nominated to the Registered Provider or selected by Winchester City Councils Landlord Services. This means that even if you are in queue position one you may not necessarily be successful for the property if you do not meet all of the advert criteria.

You will normally be considered for the property by the landlord, unless there are reasons why they are unable to do this, for example, you have rent arrears or the Council or Registered Provider is taking legal action against you for breaching a tenancy condition.

If you are offered a property you will not be able to bid for other properties until you have decided to either accept or to refuse the offer. If you accept the property a viewing will normally be arranged by the landlord and you will be advised by the landlord when you can sign the tenancy agreement and collect the keys.

If there are no suitable applicants, the property will be re-advertised.

If a property is refused it will be offered to the next suitable applicant on the shortlist.

Before you are offered a property you may be asked to provide further documents to support your application. If you do not provide us with the documents required your application may be cancelled.

**You will not be informed if your bid is unsuccessful, but you will be able to see when it has been successfully let and to what band on the website and newsletter.**

## How are applications prioritised?

All housing applications are assessed according to housing need in accordance with the Hampshire Home Choice Allocations Framework and are placed in one of four bands. Priority within the band is decided by the date the application was awarded that band with the oldest priority date having greatest priority.
