

<b>FOI REF:</b>	15021
<b>RESPONSE SENT:</b>	18/12/2024

### **Request**

Please confirm how many council/social houses that the council currently holds.

Please also confirm how many of these properties are allocated to Refugee tenants.

### **Response**

The Council currently has a stock of 5159 properties.

Of these 5159 properties, 2297 are houses.

All Winchester City Council properties advertised and allocated via the Housing Register are allocated to applicants who are eligible for an allocation of social housing regardless of nationality or country of origin. I am unable to confirm how many of these properties are allocated to Refugee tenants as this data is not currently recorded and there is no statutory requirement to do so at this time.
