

**Winchester City Council**  
**Authority Monitoring Report 2024**  
**Erratum January 2025.**

---

## **Introduction**

This document sets out the correct figures for the permissions granted for self and custom build housing for the year to 30 October 2024.

## **Issue**

The 2024 Authority Monitoring Report included information on the delivery of self and custom build properties during the year to 30 October 2024. The AMR included the following paragraph –

*2.6.2 The monitoring year for the self and custom build register runs from 31st October to 30th October annually and so does not tie in with the monitoring year for the AMR. During the year to 30 October 2024 a further 21 individuals were added to Part 1 of the register (those with a local connection), and 3 added to Part 2 (those who don't have a local connection). During the year to 30 October 2024, permission was granted for 34 self and custom build properties.*

The figure given for permissions granted is incorrect, and the information on demand should be clarified.

## **Correction**

Paragraph 2.6.2 of the AMR should read –

*2.6.2 The monitoring year for the self and custom build register runs from 31st October to 30th October annually and so does not tie in with the monitoring year for the AMR. During the year to 30 October 2024 a further 18 individuals, and one group seeking 3 homes, were added to Part 1 of the register (those with a local connection), and 3 individuals were added to Part 2 (those who don't have a local connection). During the year to 30 October 2024, permission was granted for 38 self and custom build properties.*
