Add thermal insulation over existing dormer flat roof and re-cover with Tectofin RV. Reduced size rear canopy and re-cover with Tectofin RV. Replace all existing UPVC double glazed windows on the rear elevation with timber framed double glazed windows in a more traditional style. Reduce the width of the large ground floor central window by blocking up one third, then installing timber framed windows into the smaller opening. Render the rear wall at ground floor level and then paint in a heritage white colour. Refurbish the existing outbuildings to a more modern standard. Raise the floor area in the central kitchen room to provide uniform floor levels across the back of the house.
